Application Guidelines

Introduction

Hong Kong University Alumni Association's (HKUAA) Young Alumni Group initiates the Summer Mentorship Programme 2009. We are pleased to invite your school to join the Programme.

This is a programme where young alumni and current university students from The University of Hong Kong (HKU) play a role in sharing with secondary school students information and experiences about university life, hall life, academic and career prospects. The programme is group-based. Mentees will be recruited from leading secondary schools. Mentees will be arranged in groups of three to four under the guidance of two to three Mentors. Mentors **MUST** be young alumni from HKU.

Objectives

Through organizing various academic-related and social activities, the programme aims to support students in gaining better understanding of university education, the university environment, choice of academic disciplines and future careers.

Students will be able to seek valuable advice from Mentors, some of whom are professionals in different fields. The mix of Mentors can help students in their choice of studies at the university and their career planning.

Mentors and Mentees will be able to meet HKU alumni, HKU students, students from other secondary schools and if possible HKU Faculty Members and renowned guests.
